ATTILA HORVAT

Front-End Developer | HTML • CSS • JavaScript • React

Profile Summary

Front-End Developer passionate about crafting responsive, user-focused web interfaces with clean, maintainable code. Skilled in HTML, CSS, JavaScript, and React, with a growing focus on performance optimization and modern frameworks like Tailwind CSS. Certified in AWS Cloud Practitioner and Microsoft Azure Fundamentals, combining strong technical knowledge with design awareness and problem-solving ability. Previously a team leader in fast-paced environments, bringing strong organization, attention to detail, and collaboration skills. Currently seeking an opportunity to contribute to a forward-thinking development team where code quality, accessibility, and continuous learning are valued.

Front-End	Back-End & Tools	Other Skills
HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React	Node.js, SQL, PHP, Git, GitHub	UI Design, Responsive Design, Cross-Browser Testing, Debugging, Problem-Solving, Agile Collaboration

Professional Experience

Warehouse Operative | Parts Plus Warrington   2022 - 2023

- Operated in a dynamic logistics environment requiring consistent accuracy, efficiency, and adherence to process-driven workflows.
- Maintained exceptional attention to detail when managing digital inventory systems, laying the foundation for structured and reliable coding practices.
- Contributed to team problem-solving and system improvements that enhanced operational flow.

Team Leader | Parts Plus Warrington   2023 - 2024

- Successfully led a team of over 10 employees, providing guidance and support to consistently achieve and surpass monthly sales targets.
- Organized and facilitated regular team meetings to assess progress, discuss challenges, and develop actionable strategies to meet goals.
- Mentored and trained new team members by providing detailed on-boarding, skill development programs, and ongoing feedback to help them excel in their roles.
- Developed and executed innovative strategies aimed at enhancing team productivity, improving workflow efficiency, and delivering exceptional customer service.

Freelance / Personal Projects | Front-End Development   2024 - Present

- Designed and built multiple responsive websites and web applications using HTML, CSS, JavaScript, and React.
- Created visually engaging, performance-optimized interfaces emphasizing accessibility and smooth UX.
- Applied version control (Git/GitHub) and cloud deployment principles (AWS) to manage codebases effectively.

Certifications

- AWS Certified Cloud Practitioner (Amazon Web Services)
- Microsoft Certified: Azure Fundamentals
- JavaScript Essentials (Solo-Learn)
- Responsive Web Design (freeCodeCamp)
